Good Morning

EPA Region 1 will again be hosting its annual briefing for Congressional Staff in our Boston office on Tuesday, May 23rd. We will be providing updates on transition and budget as well as traditional program updates. In addition, we have extended invitations to several sister federal agencies with a New England presence and with whom we work closely to participate in a federal roundtable. As in past years, state specific sessions will be held in the afternoon. **If you have suggested topics for the afternoon session please email me.**

Please RSVP with your availability on this date. There will be additional details to follow ahead of the briefing.
